

DOMENICHELLI AND ASSOCIATES, INC.

CIVIL ENGINEERING

Date Posted: November 14, 2007

Job Title: **ENTRY-LEVEL CIVIL ENGINEER**

Location: El Dorado Hills, CA (East of Sacramento)

Company Name: Domenichelli & Associates, Inc.

Job Description: Entry-level civil engineer to work on water resources engineering projects. In this position, you will be exposed to a wide range of engineering and construction projects with the opportunity to gain valuable experience using your engineering knowledge to complete assigned tasks in a team environment. Typical projects will include hydrology/hydraulic modeling, water/wastewater pump station and conveyance design and construction engineering review and inspection.

Preferred Qualifications: B.S. degree in civil engineering. EIT required. Competency in AutoCAD is desirable. Position is entry level requiring 0 to 2 years experience.

Company Description: Domenichelli & Associates (D&A) is a medium size firm that was established in May 2002. D&A specializes primarily in water resources engineering and construction projects throughout the central valley and the surrounding foothills. Typical D&A projects include hydrology/hydraulic modeling for large developments and river systems, design and construction management of water/wastewater pump stations and pipeline conveyance systems and river restoration modeling, design and construction. See our web site for further details: www.daengineering.net .
